📄 SUMMARY

Ambitious first-year BTech CSE (AI & ML) student at SCT with demonstrated initiative in Python, machine learning fundamentals, and full-stack development. Self-driven builder who ships real projects, solves DSA problems daily, and studies AI engineering independently — targeting Google, Microsoft, and OpenAI-level engineering roles.

🎓 EDUCATION

Sree Chitra Thirunal College of Engineering, Trivandrum

B.Tech – Computer Science Engineering (AI & ML)

12/2024 – Present | Trivandrum, India

- Coursework: Data Structures & Algorithms · OOP · DBMS · Operating Systems · Computer Networks · Probability & Statistics
- Specialization track: Neural networks, statistical learning, ML pipelines, and data engineering fundamentals

Sree Narayana Public School

School

2013 – 2025 | Trivandrum

🧠 TECHNICAL SKILLS

Languages — Python | JavaScript | C | Java

AI / ML — NumPy | Pandas | Matplotlib | Scikit-learn |

TensorFlow (learning) | Prompt Engineering | Generative AI

Web & Cloud — React | HTML/CSS | Firebase | REST APIs |

Vercel | Node.js (fundamentals)

CS Fundamentals — DSA | OOP | DBMS | OS | Computer Networks

Tools — Git | GitHub | VS Code | Linux/Termux | Jupyter |

Google Colab | Figma

★ CODING PROFILES & ACHIEVEMENTS

General

- LeetCode: Actively solving DSA problems — targeting 100+ (Arrays, Linked Lists, Trees, Graphs, DP)
- GitHub: Daily contribution streak; maintaining 4+ active project repos with READMEs, documentation, and live demos
- Participant — College Hackathon 2025: Built a functional AI prototype within 24 hours, demonstrating rapid execution under pressure.
- Self-directed learner: structured 12-month roadmap covering DSA -> ML -> System Design -> Open Source contributions.

📁 PROJECTS

Smartslot

04/2026

Smart Parking made simple.

A modern parking management app that helps users quickly find, book, and manage parking spaces in real time with a fast, secure, and user-friendly experience.

Portfolio

Passionate Computer Science student focused on AI/ML, full-stack development, and building real-world applications. I enjoy creating modern, user-friendly projects while continuously improving my coding and problem-solving skills
